

JetTrac BarCode™

Specialty barcode label processing for JetForm Central™

Features

Saves wear and tear on your bar code printers and speeds their output. JetTrac BarCode™ dynamically assigns print jobs to a rotating pool of Zebra™ label printers.

Automatically selects bar code type. JetTrac BarCode determines the correct bar code for each different label, based on your data.

Automatically print correct labels. JetTrac BarCode determines the correct type and quantity of label so every job comes out right.

The Company

Pro Technology Automation is an industry leader for developing custom JetForm Central™ solutions. Pro Technology has over six years of experience with hundreds of clients, providing both custom agents and development, consulting, implementation and training for JetForm Central solutions.

Other Products

Pro Technology markets and installs a large variety of its JetTrac™ JetForm Central™ custom agents that give JetForm Central the functionality your business has always needed but lived without until now. Some of the many functions include sorting records, separating documents for different printers, reformatting addresses, reprinting, and more that automate tasks traditionally handled by one or several employees. We can even develop a custom agent specifically for your needs.
